For use with BS 7909, Code of practice for temporary electrical systems for entertainment and related purposes.

This Certificate summarises the individual completion certificates for each subsection of the temporary distribution described. It confirms that the temporary electrical system and its sub-systems associated with the event detailed below have been set-up, inspected and tested appropriately to ensure that they are safe and suitable for use. This form should be handed to the event manager. A copy should be available for the owner of the electrical supply which feeds the temporary system. It should be accompanied by the number of Completion Certificates and Schedules of Test Results as stated in row 1.5.
